- TOC discussion on 6/30 with final TOC comments by 7/14 subject to final edits
- Completed final edits- 8/28/14
- Documentation to be posted on the website upon acceptance by SC

Task A5 Model Documentation

- “The HAT will prepare documentation of work performed. The document will provide a description of the hydrology and hydrogeology of the area and a historical overview of trends in hydrologic and water use data. The report will also summarize the development of the USGS groundwater model and data analyses that are prepared, and describe the use of the different analyses to assess groundwater availability.” ... *Guidance Document*
- **MOTION REQUESTED** to accept Model Documentation
