SB 552 – Uniform Rules

s. 373.0465(2)(d) contains 6 requirements

1. A single, uniform definition of the term “harmful to the water resources” consistent with the term’s usage in s. 373.219;
2. A single method for calculating residential per capita water use;
3. A single process for permit reviews;
4. A single, consistent process, as appropriate, to set minimum flows and minimum water levels and water reservations
5. A goal for residential per capita water use for each consumptive use permit
6. An annual conservation goal for each consumptive use permit consistent with the regional water supply plan
