

The Challenges – Teacher Resources

Name _____

Estuary: What Eats What or Who Eats Whom?

Think about the plants and animals you could find in an estuary. Using the resources available to you, illustrate or construct an estuary food chain in the space provided below. Be sure to include one of each of the following:

- | | |
|-------------------|-------------------------------|
| plant | (producer) |
| herbivore | (primary consumer) |
| carnivore | (secondary consumer) |
| tertiary consumer | (eats the secondary consumer) |
