- c. **ASSIGNMENT.** Offers are non-assignable.

PART II – SCOPE AND PROPERTY SPECIFICATIONS

The following provides fundamental information about the Property and is provided to assist Respondent in preparing its offer.

1. **DESCRIPTION.** The Property to be leased is located in Volusia, Brevard and Orange Counties. The tract is 1,929 acres. The landcover is characterized as semi-improved pasture. Natural plant communities such as freshwater marshes appear to be intact. The Property will be leased for cattle grazing (cow-calf) purposes only.
2. **STOCKING RATE.** The maximum stocking rate for the Property is 200 animal units. The District prefers a smaller herd size and slower rest rotation grazing management. Animal unit stocking rate is determined by methodology based on general guidelines from the Natural Resources Conservation Service and University of Florida Institute of Food and Agricultural Sciences. The Lessee may stock any number of animal units below the maximum without adjustment to the annual rent payment. The stocking rate may be increased upon favorable evaluation and prior written approval by the District. An increase in the stocking rate will be effective on the next date rent is due following the District's approval of the increase. The amount of rent due will be increased by an amount equal to the increase in the number of Animal Units approved by the District.
3. **BEST MANAGEMENT PRACTICES.** Basin Management Action Plans (BMAPs) prepared pursuant to Section 403.067, Florida Statutes are comprehensive, adopted, and enforceable restoration plans designed to reduce pollutant loads in impaired waterbodies. If a lease area falls within a BMAP area, Respondent agrees to comply with all applicable Florida Department of Agriculture and Consumer Services (FDACS) Agricultural Best Management Practices (BMPs) for the Property. If any part of the Property is within a BMAP area, within 90 days of the Lease commencement Lessee shall secure a Notice of Intent to Implement Best Management Practices (NOI) from FDACS (AgBMPhelp@fdacs.gov) and submit the fully executed NOI to FDACS with a copy to the District. Lessee shall implement the BMPs and maintain active enrollment in the FDACS BMP program throughout the term of the Lease. Lessee agrees to indemnify and hold harmless the District from any fines, penalties, or damages resulting from Lessee's failure to comply. If any part of the Property is within a BMAP area and Lessee fails to provide a copy of the submitted NOI to the District within 90 days of lease commencement, the lease will be terminated, and pre-paid Lease Fees shall be forfeited to District. If the NOI is not applicable for the Property, Lessee must, within 90 days of lease commencement, provide the District with a letter or email from FDACS confirming the NOI is not applicable for the Property.
4. **TERM OF LEASE.** The term of the Lease is ten years from the date of commencement of the Lease Agreement.
5. **LEASE RATE.** The annual rent will remain the same during the 10-year term of the Lease except in the case of a District-approved increased stocking rate.

6. **FENCE AND IMPROVEMENTS.** Lessee shall be solely liable for any injury or damage to persons or property resulting from Lessee's cattle straying from the Property. Perimeter fencing is present but some sections are in poor condition and require repair. Sections of fence that double as property perimeter fence are eligible for in-kind reimbursement. If the Lessee desires to construct any additional fencing beyond the required fencing set forth above or any gates, Lessee shall be solely responsible for such work and any associated costs, and these expenses shall not qualify for reimbursement under this Lease. The Lessee must obtain prior written approval from the District Land Manager before constructing any additional fences and gates on the Property. If the Lessee desires a variance from these fencing recommendations, Lessee must obtain prior written approval from the District's Land Manager. No new fence shall be attached to trees. The cost of construction, installation and maintenance of all fencing and gates shall be the responsibility of the Lessee. Once installed, any constructed fencing and gates shall become the property of the District, unless a prior written exception is made by the District. Lessee is responsible for all repairs and maintenance of all fencing, including any costs, during the term of the Lease.
7. **CATTLE PENS.** If the Lessee desires cattle pens, the Lessee shall use portable pens or may construct new permanent pens with prior written authorization from the District Land Manager. The Lessee is solely responsible for expenses incurred for use or construction of cattle pens. Once installed, any permanent constructed cattle pens will become the property of the District, unless a prior written exception is made by the District. Portable pens will remain the property of the Lessee.
8. **WATER.** Livestock water is available from existing ditches, ponds and swamps throughout the Property. Lessee shall obtain prior written approval from the District's Land Manager prior to construction of any new water sources. Lessee is solely responsible for expenses incurred in establishing the new water sources. Lessee shall obtain all necessary permits and authorizations before establishing any water sources on the Property.
9. **UTILITIES.** There is no power line available on the Property. Lessee is solely responsible for contacting utility providers, and for any costs of connection and services for any needed electric, sewage, or other utilities. Lessee must obtain all necessary permits and authorizations, including prior written approval from the District Land Manager before installation or construction of any new utility connections.
10. **EXOTIC PLANT MANAGEMENT.** Lessee shall be required to control Tropical Soda Apple (TSA) within the lease area. Lessee shall also control all exotic plants spread from hay feeding operations and cattle shall be quarantined in an area approved by the District's Land Manager, known to be free of TSA, for seven days before being released on the entire leased area. Brush and Herbaceous Weed management shall be required in accordance with the Grazing Management Plan.
11. **NATURAL HABITAT MANAGEMENT.** The District's Land Manager may authorize, in his sole discretion, a credit to Lessee for the costs of habitat management activities performed by Lessee. Credit is not anticipated to be sufficient to cover lease fees. No in-kind services may be performed without obtaining prior written authorization from the District's Land Manager.

12. **PROPERTY ACCESS.** The Lessee shall access the Property from the parking areas located at 25382 Wheeler Road, Christmas, FL 32709. Both Lessee and District personnel must have keys or combinations to any locked gates. During periods of extremely wet conditions, the use of ATVs and/or airboats may be authorized on a temporary basis with prior written approval from the District's Land Manager.
13. **PUBLIC USE.** The Property is currently open for, and shall remain open for, public recreational use, including, but not limited to, hiking, wildlife viewing, bicycling, boating, hunting and primitive camping. Lessee must at all times be courteous to the general public and shall comply with the District's public use rules in Chapter 40C-9, Florida Administrative Code.
14. **FEES.** The Lease commencement date will be July 15, 2026. The first half of the annual Lease payment shall be due upon Lease commencement and on each Lease commencement anniversary date thereafter. The second half of the annual Lease payment shall be due on January 15, 2027 and each semi-anniversary date thereafter.
15. **WORK SERVICE CREDITS.** District, at its sole discretion, may allow work service credits to substitute for all or a portion of the Lessee's Lease Fees during any effective year for work performed by Lessee. Lessee shall obtain prior written authorization from the District's Land Manager, Graham Williams, by contacting him at (904) 237-1406 or by email at gwilliams@sjrwmd.com for work service credits. These credits shall only apply to work performed after such authorization is obtained. No work service credits shall be available for work performed without prior authorization. All work must be completed in a manner satisfactory to the District. Credit for satisfactorily completed authorized work shall be deducted from the Lessee's next Lease Fee payment. Written approval from the District's Bureau of Land Resources Division Director is required for any work service credit requested by Lessee, the value of which, if added to the already-approved work service credit total, exceeds the total Lease Fees due for the remaining Term of the Lease. If District terminates this Lease by notice pursuant to paragraph 15(b) of the Lease, the District will reimburse Lessee for all pre-approved work satisfactorily performed by Lessee through the date of the notice.

Management experience must include a minimum of 100 animal units and 300 acres managed, for the length of time needed to meet the minimum 3-year requirement. To meet the minimum 3-year requirement, Respondent, or Respondent's proposed Operational Manager, may combine qualifying management experience on grazing operations smaller than 100 animal units and 300 managed acres as long as they are managed during the same time period.

REFERENCES BELOW ARE FOR **RESPONDENT/OPERATIONAL MANAGER** (CIRCLE CORRECT INDIVIDUAL BEING REFERENCED): Qualifying individual must provide a minimum of three references who can verify qualifications and past performance record for each lease/cattle operation referenced. If relying on the combined experience of Respondent and Respondent's Operational Manager, a minimum of three references must be submitted for each. **Specific lease information including starting and end dates, and number of animal units and acres managed must be included with the Reference information provided.** References must be individuals that can be readily contacted and have first-hand knowledge of the qualifying individual's performance.

If the Lease is awarded based upon qualifications of an Operational Manager and the Operational Manager leaves employment of the Lessee within three years of the Effective Date of the Lease, the Lessee will be required to provide an acceptable Operational Manager to the District within 60 days or will be in default of the Lease. If Lessee has been actively assisting with daily management, the District,

at its sole judgment and discretion, may take Lessee's prior management experience and performance into consideration, and substitute this management assistance for some, or all, of the required management experience.

EXHIBIT “A”
SAMPLE CATTLE GRAZING LEASE AGREEMENT

This Cattle Grazing Lease Agreement (Lease) is made and entered into this ___ day of _____ 2026, by and between the St. Johns River Water Management District, a public body existing under Chapter 373, Florida Statutes (F.S.), whose mailing address is Post Office Box 1429, Palatka, Florida 32178-1429 (the District), and _____, whose mailing address is _____ (Lessee). Wherever used herein, the terms “District” and “Lessee” shall include their officers, agents, employees, contractors, and assigns, the heirs and legal representatives of individuals, and the successors of business entities, public bodies, and quasi-public bodies.

District is the owner of certain real property located in Volusia, Brevard and Orange Counties, Florida, known as the Seminole Ranch Conservation Area, which the District acquired for the purposes of water management, water supply and water conservation. Lessee desires to lease a portion thereof, consisting of approximately 1,929 acres, as more particularly depicted in Exhibit “A-1” attached hereto and made a part hereof (the Property), for conducting cattle grazing operations. Notwithstanding any description or depiction to the contrary, any sovereign submerged lands thereon are specifically excluded from the Property and this Lease.

Section 373.093, Florida Statutes (F.S.), allows the District to lease its lands if the lease is consistent with the purposes for which the land was acquired. The District has implemented a Land Management Plan for the Property, which includes using cattle grazing as an on-site land management and security tool.

Accordingly, based on the above premises and the covenants, terms and conditions set forth herein, and other good and valuable considerations, receipt of which is hereby acknowledged, the parties hereby agree as follows:

1. Lease of Property. The property is leased As-Is, Where-Is. Subject to the reservations, restrictions and obligations in this Lease, District grants to Lessee and Lessee accepts from District the right to use the Property for the sole purposes of conducting cattle-grazing operations and maintaining cattle-grazing pastures. This Lease does not create any easements in the Property. No act taken pursuant to this Lease shall be construed to be a pledge of credit by the District.
2. Best Management Practices. Basin Management Action Plans (BMAPs) prepared pursuant to Section 403.067, Florida Statutes, are comprehensive, adopted, and enforceable restoration plans designed to reduce pollutant loads in impaired waterbodies. If a lease area falls within a BMAP area, Respondent agrees to comply with all applicable Florida Department of Agriculture and Consumer Services (FDACS) Agricultural Best Management Practices (BMPs) for the Property. If any part of the Property is within a BMAP area, within 90 days of the Lease commencement Lessee shall secure a Notice of Intent to Implement Best Management Practices (NOI) from FDACS (AgBMPhelp@fdacs.gov) and submit the fully executed NOI to FDACS with a copy to the District. Lessee shall implement the BMPs and maintain active enrollment in the FDACS BMP program throughout the term of the Lease. Lessee agrees to indemnify and hold harmless the District from any fines, penalties, or damages resulting from Lessee’s failure to comply. If any part of the Property is within a BMAP area and Lessee fails to provide a copy of the submitted NOI to the District within 90 days of lease commencement, the lease will be terminated, and pre-paid Lease Fees shall be forfeited to District. If the NOI is not applicable for the Property, Lessee must, within 90 days of lease

commencement, provide the District with a letter or email from FDACS confirming the NOI is not applicable for the Property.

3. Term. The term of this Lease is ten years, commencing July 15, 2026 (Commencement Date), and expiring July 14, 2036, unless earlier terminated pursuant to other provisions of this Lease.
4. Lease Fee.
 - (a) Lessee shall pay District an annual Lease Fee in the amount of _____ Dollars (\$ _____), based on a maximum of ____ animal units (as defined below) at a rate of _____ Dollars (\$ _____) per animal unit per year (AU Rate). All payments shall be made payable to St. Johns River Water Management District by check, money order, or electronic deposit, and, if paid by check or money order, mailed or hand delivered to the Office of Financial Services at District's address set forth in Paragraph 14 herein.
 - (b) The Lease Commencement Date will be July 15, 2026. Payment of the first half of the annual Lease Fee shall be due upon Lease commencement and on each Lease commencement anniversary date thereafter. Payment of the second half of the annual Lease Fee shall be due on the Lease commencement semi-anniversary date of January 15, 2027, and each Lease semi-anniversary date thereafter. If Lessee does not begin using the Property for the intended purpose of this Lease within the 90-day period after the Lease Commencement Date, the Lessee will be deemed to be in default, and District is authorized to retain the first half of the annual Lease Fee payment as damages and thereafter lease the Property to another rancher.
 - (c) The monthly fee for any holdover months for the purposes of removing cattle and other property after the expiration or termination of the Lease shall be calculated as one twelfth of the annual Lease Fee per month of holdover rounded to the nearest dollar. Holdover monthly fees are due and payable, without notice or setoff, on or before each month of the holdover period.
 - (d) District, at its sole discretion, may substitute work service credits for all or a portion of the Lease Fee during any effective year for work performed by Lessee. Lessee must obtain prior written authorization from the District's Land Manager, Graham Williams, by contacting him/her at (904) 237-1406 or by email at gwilliams@sjrwmd.com for work service credits. Service credits shall only apply to work performed after such authorization is obtained. All work must be completed in a manner satisfactory to the District. Credit for satisfactorily completed authorized work shall be deducted from the following Lease Fee payment. If District terminates this Lease by notice pursuant to paragraph 15(b) herein, District shall reimburse Lessee for all pre-approved work satisfactorily performed by Lessee through the date of the notice.
 - (e) Stocking Rate. An animal unit is one bull or one cow with or without one un-weaned calf. Lessee may stock any number of animal units below the maximum number of animal units. The stocking rate may be increased upon Lessee's request, but only after receipt of District's written approval. Lessee shall pay an increased annual Lease Fee commensurate with the increase in the stocking rate. The increased Lease Fee shall be paid on a pro-rata basis for the year in which the increased annual Lease Fee becomes effective, in accordance with the AU Rate set forth in paragraph 3(a) above. The increased Lease Fee shall be due on the next Lease Fee due date and every due date thereafter. The District may reduce the stocking rate at its sole discretion, upon 90-days written notice to Lessee. Thereafter, Lessee shall pay a decreased annual Lease Fee commensurate with the decrease in the stocking rate. The decreased annual Lease Fee shall be paid on a pro-rata

basis for the year in which the decreased annual Lease Fee becomes effective, in accordance with the AU Rate set forth in paragraph 4(a) above, and Lessee may be entitled to a pro-rata refund of Lease Fees paid for that year.

5. District's Reserved Rights. The District reserves all rights not expressly granted to Lessee pursuant to this Lease. In addition, District specifically reserves the rights set forth below. In exercising these rights, District is responsible for the negligent acts of its officers and employees in the event such acts result in injury or damage to persons or property.
 - (a) District may use the Property for water management purposes, as District in its sole discretion determines are necessary, provided that such use shall not unreasonably interfere with Lessee's use of the Property as authorized herein.
 - (b) District may at its discretion and expense, treat invasive species on or near the Property. If such treatment is listed as potentially harmful for livestock, District will notify Lessee of the treatment to be used not less than 30 days before application. Lessee waives any claims of harm or damages related to invasive species treatment.
 - (c) District, its officers, agents, consultants and employees, upon reasonable notice to Lessee, may enter the Property for the purpose of scientific investigation, surveying, the taking of soil borings, or such other uses as may be determined by District, so long as such entry and use does not unreasonably interfere with Lessee's authorized use of the Property. Such persons shall promptly close and lock any gates through which they pass. Boring holes shall be promptly filled and packed to the surrounding earth level.
 - (d) District, its officers, agents, or employees, may at any reasonable time and without prior notice to Lessee, inspect the Property for the purpose of examining the condition and use thereof and otherwise determining Lessee's compliance with this Lease.
 - (e) The District has the right to approve or disapprove all proposed burning, chopping, disking, or other physical alterations to the Property.
 - (f) District may grant nonexclusive utility easements, licenses, rights-of-way and other rights or privileges to others over, under, through or across the Property, provided that such grant shall not unreasonably interfere with Lessee's use of the Property as authorized herein.
 - (g) The Property is part of a larger conservation area acquired by District. District reserves for its use and occupancy during the term of this Lease, access, and rights-of-way on, over, across and through the Property in order to access District's remaining lands; provided, however, that such access shall not damage or disrupt Lessee's authorized use of the Property. The location of such access and rights-of-way on the Property shall be discussed with Lessee; provided that District shall make the final decision regarding the exact location and uses of such access and rights-of-way.

6. District Requirements.

- (a) Number of Animal Units. At no time shall the number of cattle exceed the maximum animal units set forth herein unless Lessee obtains prior written approval from the District.
- (b) Identification. All cattle must bear identification (e.g., ear tags, tattoos, brands, etc.) readily traceable to the Lessee before their release on the Property.
- (c) Supplemental Feed. Unless specifically authorized in writing by the District, Lessee shall not provide supplemental feed on the Property.
- (d) Containment. Lessee shall ensure that any cattle that wander off the Property are immediately returned to the Property. Lessee shall be solely liable for any injury or damage to persons or property resulting from Lessee's cattle straying from the Property.
- (e) Grazing Deferments. Unless otherwise authorized in writing by the District's Land Manager, Lessee must not allow cattle to graze on any portion of the Property within 90 days after it has been roller chopped or within 45 days after a prescribed burn.
- (f) Tropical Soda Apple and Other Invasive Species. Lessee is solely responsible for maintaining effective control of tropical soda apple using the Best Management Practices (BMPs) established by the University of Florida, Institute of Food and Agricultural Sciences Publication Number SS-AGR-77, and updates thereto. Lessee shall quarantine all new cattle for seven days, in an area approved by District's Land Manager, prior to releasing them on the Property and shall ensure that the cattle are free from tropical soda apple to District's satisfaction. District retains the right to treat other invasive species at District expense as deemed necessary by District staff. Lessee shall not impede District's efforts to control invasive species on the Property. If such treatment will be potentially harmful to livestock, District will notify Lessee of the treatment to be used not less than 30 days before application.
- (g) Best Management Practices. Except when District requirements herein are more stringent; Lessee shall:
 - 1. Sign a Notice of Intent to Implement Water Quality BMPs for Florida Cow/Calf Operations Form within 90 days of entering into this agreement;
 - 2. Use the BMPs for cattle grazing operations as published by the Florida Department of Agriculture and Consumer Services (FDACS). Link: (<https://www.Agricultural Best Management Practices / Agricultural Water Field Services / Water / Home - Florida Department of Agriculture & Consumer Services>);
 - 3. Obtain approval from District's Land Manager prior to all fertilizer and pesticide applications;
 - 4. Obtain prior approval from District's Land Manager to add phosphorous if IFAS soil analysis indicates this is needed; and
 - 5. Not locate supplemental feeding or water troughs near known and visibly apparent active gopher tortoise and other imperiled species burrows.
- (h) Lessee shall obtain and maintain all permits and licenses necessary for its performance under this Lease.

7. Land Management. Lessee must implement a program of stewardship to generally maintain the land and wildlife and take appropriate measures to prevent overgrazing and pasture degradation and other environmental impacts to the Property. Lessee is prohibited from defacing or cutting live or dead trees, plants, or plant materials, except as may be set forth herein. Lessee shall not dump or place any garbage or refuse on the Property. Lessee shall, at its own expense, maintain all fences, fire lines, access and trail roads and gates used by Lessee, its licensees or invitees, and repair damage caused by Lessee, its licensees, or invitees, to existing roadways on the Property. Upon expiration or termination of this Lease, Lessee shall surrender the Property in “same as found” condition.
- (a) Public Access. The Property is part of a Wildlife Management Area (WMA) and is open to hunting in accordance with the annual hunting schedule, which is located at <https://myfwc.com/recreation>. The Florida Fish and Wildlife Conservation Commission manages hunting on the Property and adjacent areas. The Property is also open for other public recreational uses including, but not limited to, seasonal hunting, hiking, wildlife viewing, bicycling, boating and primitive camping. There is a high level of public access and activity on this Property. Lessee shall always be courteous to the general public and shall comply with District’s land management rules in Chapter 40C-9, Florida Administrative Code.
- (b) Agricultural Chemicals. Lessee may not apply agricultural chemicals including herbicides or pesticides on the Property without prior written approval from District’s Land Manager. Any approved application of chemicals must comply with all federal, state and local laws, best management practices, regulations and guidelines including those administered by the FDACS and any other conditions of District’s written approval.
- (c) Dumping. Lessee shall not dump, place or apply on the Property any trash, solid or liquid waste (including sludge material, municipal biosolids, septage, and biowaste), or hazardous materials, wastes or substances, toxic waste or substances, pollutants or contaminants, or unsightly or offensive materials, including but not limited to those as defined by the Federal Solid Waste Disposal Act, the Federal Clean Air Act, the Federal Clean Water Act, the Federal Resource Conservation and Recovery Act of 1976, the Federal Comprehensive Environmental Response, Compensation and Liability Act of 1980, the Federal Superfund Amendments and Reauthorization Act of 1986, the Federal Emergency Planning and Community Right-To-Know Act, the Federal Insecticide, Fungicide and Rodenticide Act, the Toxic Substances Control Act, Chapters 161, 253, 373, 376, and 403, Florida Statutes, and the rules and regulations of the (i) United States Environmental Protection Agency, (ii) the Florida Department of Environmental Protection, and (iii) the St. Johns River Water Management District, now or at any time hereafter in effect, or any Florida Statute defining hazardous materials, wastes or substances, toxic wastes or substances, pollutants or contaminants (collectively, Contaminants) on the Property. This prohibition shall not be construed to include customary lawful accumulation of waste generated as a result of allowed management or prohibit the use and lawful application of chemicals, pesticides, herbicides or fertilizers, dirt, soil, rock, shell and other materials in accordance with the activities allowed under this Lease, provided, however, application will have no detrimental impact on the surrounding ecosystem or water resources, and such application is done in accordance with applicable Florida Department of Agriculture and Consumer Services (FDACS) approved Best Management Practices (BMPs). No application of Class B biosolids, organic fertilizers, soil amendments, or compost materials which contain municipal biosolids shall be applied to the Property.

- (d) Fire; Prescribed Burns. Lessee shall not at any time set or cause to be set any fire on the Property without prior written approval of the District's Land Manager. District retains the right to conduct prescribed burns at District expense as deemed necessary by District's Land Manager. Lessee shall not impede District's efforts to conduct burns on the Property. District will provide at least 24-hour notice to Lessee of any prescribed burn on the Property to allow Lessee time to move the cattle to a portion of the Property outside of the burn zone.
- (e) Water Availability. Livestock water is available from existing ditches and swamps throughout the Property. Lessee shall obtain prior written approval from the District's Land Manager prior to construction of any new water sources on the Property. Lessee is responsible for all costs associated with constructing a new water source on the Property. Lessee shall obtain all necessary permits and authorizations before establishing any water sources on the Property. Lessee, at its own expense, is responsible for maintaining, repairing, and operating, to the extent permitted and required by law, all ditches, pumps, and appurtenant works on the Property. All existing wells remain property of District. Any new wells established by Lessee shall, upon the expiration or termination of the Lease and at District's sole discretion, either be properly capped and abandoned by Lessee at its sole expense or immediately become District property.
- (f) Utilities. There is no power line available on this property. Lessee, at its sole expense, may bring or cause to be brought to the Property adequate utility connections necessary for Lessee's uses hereunder, including water, electrical power, telephone and communication services, storm sewerage, and sewerage, subject to the utilities' customary rules regarding the delivery of such services through their own conduits or pipes or District's conduits or pipes with prior written approval from the District's Land Manager. District shall grant such utilities rights of access necessary for the authorized uses hereunder that do not materially impair District's present and future uses of the Property. Lessee is responsible for all hook-up and connection fees, utility service bills, and application for all permits associated with the operation of any pumps and equipment installed by District or Lessee for the purpose of Lessee's authorized activities. Drains or other facilities provided by Lessee for disposing of storm or other waters shall conform to the requirements of all applicable governmental authorities.
- (g) Fencing. Lessee is solely responsible for implementing on the Property all measures necessary to ensure that cattle do not stray from the Property, including the construction and timely repair of all perimeter and other required fencing and gates at Lessee's sole expense. Lessee is solely liable for the death or injury of any persons or any property damage resulting from Lessee's cattle straying from the Property. District's Land Manager must approve of any fencing and gates not currently authorized herein.

Prior to termination for cause of this Lease, District shall provide Lessee not less than 30 days written

Notice of Termination, specifying the nature of the default and the date of termination. If Lessee has not cured the default within the time stated, District shall notify Lessee thereof and this Lease shall terminate as of the date of termination specified in the Notice of Termination. Pre-paid Lease Fees shall be forfeited.

- (b) Termination by District for Land Management or Water Management Purposes. District may terminate this Lease at any time for publicly noticed land management or water management projects by providing at least 180 days prior written notice to Lessee. District shall have no liability for any loss resulting from the termination including, but not limited to, lost profits and consequential damages. In the event of termination pursuant to this paragraph, District shall return to the Lessee a pro-rata refund of any pre-paid Lease Fees for the year in which the termination becomes effective.
- (c) Termination by Lessee. Lessee may terminate this Lease at any time by providing written notice to District at least 180 days before an anniversary date of the commencement date. If the Lessee terminates the Lease without cause, pre-paid Lease Fees shall be forfeited to District.
- (d) Default; Remedies. Lessee shall be in default for violation of any provision of this Lease, including, but not limited to: (i) failure to pay rent when due; (ii) assigning or attempting to assign this Lease without District's prior written approval; (iii) using the Property for any purpose not expressly permitted by this Lease. If Lessee defaults, District shall be entitled to the following independent and cumulative remedies: (i) terminate this Lease and take possession of the Property in its first and former estate, and thereupon this Lease and all of District's obligations hereunder shall terminate and be null and void, without prejudice to District's right to recover from Lessee any sums due hereunder; (ii) institute an action of damages against Lessee; (iii) obtain injunctive relief to enjoin Lessee's violations of the Lease; (iv) obtain a lien against all personal property of Lessee located on the Property to secure any money owed to District; (v) any other available remedies under Florida law. Before termination of this Lease, District shall provide Lessee not less than 30 days written Notice of Termination, specifying the nature of the default and the date of termination. If Lessee has not cured the default within the time stated, District shall notify Lessee thereof and this Lease shall terminate as of the date of termination specified in the Notice of Termination. Pre-paid Lease Fees shall be forfeited to District.
- (e) Removal of Personal Property. Upon Lease termination as provided in sub-paragraphs 15 (a), (c), or (d), Lessee shall have up to 30 days, or one holdover month, in which to remove all of Lessee's personal property and equipment. The Lessee will be required to pay a holdover fee for the 30-day period in accordance with paragraph 16(b) below as Lessee's possession shall be considered a "tenancy at sufferance."

Upon termination of the Lease as provided in paragraph 15(b), Lessee shall have 30 days, following District's 180-day prior written termination notice, in which to remove personal property and equipment.

Upon normal expiration of the term of the Lease, if Lessee holds over for the purposes of removing its cattle and other property, Lessee shall have up to 30 days, or one holdover month, in which to remove all of Lessee's personal property and equipment from the Property and rent shall be due in accordance with paragraph 4(c) herein.

Under any of the above scenarios, any personal property and equipment of Lessee not removed shall, at the end of the applicable period, become the property of District and at District's sole discretion may be removed, relocated, abandoned or disposed of at Lessee's expense and without liability to District. District shall invoice Lessee for all costs, including staff time, associated with the disposal of any of Lessee's personal property and equipment remaining on the Property after termination/expiration of the Lease. Lessee shall pay said invoice within 30 days of the date of the invoice.

16. Ownership of Improvements and Surrender of Premises.

- (a) Ownership of Improvements. During the Lease term, unless otherwise provided herein, Lessee shall retain title to all Lessee improvements to the Property. Upon the termination or expiration of this Lease, Lessee may remove all Lessee improvements to the Property, except those improvements to District-owned buildings or other structures, including heating, air conditioning, lighting, and other improvements affixed to the realty, including perimeter and interior fencing, shall become District property. Lessee shall immediately execute and deliver to District such documents of title and other instruments necessary to enable District's ownership thereof. For any operable facilities, Lessee shall deliver to District all books, records, construction plans, surveys, permits and other documents necessary or convenient for their operation. Buildings or other structures constructed by Lessee on the Property shall be removed; provided, however, that District may, in writing, direct Lessee not to remove buildings or structures that District deems to be in good condition and usable for District purposes.
- (b) Surrender of Premises. Lessee shall, on or before the last day of the Lease term, or upon the sooner termination for any cause set forth herein, peaceably and quietly surrender the Property to District, together with all improvements thereon, as provided herein. If Lessee holds over or refuses to surrender possession of the Property after termination or expiration of this Lease, such holding over shall constitute a tenancy at sufferance from month to month, subject to the same terms and conditions as herein provided, except that the holdover fee shall be increased by 50 percent above the Lease Fee due in the month prior to the date of termination or expiration. District does not waive its right to eviction or other remedies under Florida law by acceptance of rent during the holdover period.

17. Pollution. The discharge by Lessee of any fuel, oils, petroleum products, litter or other harmful or hazardous materials or wastes, as defined under the laws of the State of Florida and the United States, on the Property or other District lands is prohibited. Should any such harmful or hazardous materials or wastes be discharged by Lessee, District shall be immediately notified. Lessee shall be solely responsible for all costs associated with any resulting investigation, cleanup, and remediation. If necessary, contaminated ground shall be excavated and disposed of as directed by District and replaced with suitable fill material, compacted and finished with topsoil, and planted as required to re-establish vegetation. Lessee shall indemnify and hold District harmless from any environmental damage or loss to the extent it arises from Lessee's activities on the Property.

18. Hazardous Materials or Waste Contamination. Prior to the expiration or termination of this Lease, or within 60 days thereafter, District may coordinate and conduct a walkthrough of the site with Lessee to determine if there are any hazardous materials or any waste contamination on the Property. If any

contamination or hazardous materials are apparent, Lessee shall have 30 days to clean up the Property or perform corrective actions to cure any contamination. If the parties disagree as to the existence of contamination or hazardous materials or, if after the Lessee has completed its cleanup or corrective actions, District is unsatisfied or reasonably suspects the continued existence of contamination or hazardous materials, District may, in its sole discretion and at Lessee's expense, perform or cause to be performed a Phase I Environmental Site Assessment ("ESA") of the Property for the purpose of ascertaining the presence of hazardous materials or waste, as defined under the environmental laws and regulations of the United States and the State of Florida ("Environmental Laws"). Lessee is entitled to approve any contractor(s) and costs prior to commencement of the ESA, which approval shall not be unreasonably withheld. District shall provide Lessee with a copy of the ESA with five days of receipt by District. If the ESA reveals an area of environmental concern that, in District's sole opinion, warrants further investigation, District may commence an appropriate Phase II ESA. Lessee is solely responsible for environmental conditions on the Property caused by, or that District reasonably believes is caused by Lessee, or Lessee's agents, invitees, employees, contractors, or other third persons as a result of Lessee's agricultural or related operations on the Property, including all costs for investigation and remediation thereof. Lessee shall cure the same in accordance with any remedial cleanup plan(s) approved by District and any governmental agencies having jurisdiction over such contamination in accordance with Environmental Laws. This provision is a contract responsibility and obligation and in no way absolves Lessee of any future legal obligations to clean up any such environmental contamination if required by Environmental Laws in existence on the date hereof, or as those laws may hereafter exist.

19. Non-Waiver of Regulatory Authority. Nothing contained herein shall be construed as a waiver of or contract with respect to the regulatory and permitting authority of District as it now or hereafter exists under applicable laws, rules, and regulations.
20. Non-Waiver of Sovereign Immunity. No provision of this Lease or in any instruments executed pursuant to this Lease shall be construed as a waiver or attempted waiver by District of its sovereign immunity under the constitution and laws of the State of Florida or the provisions of section 768.28, Florida Statutes, as it now or hereafter exists.
21. Assignment. The rights and obligations created by this Lease are binding upon the parties, and their successors and assigns. Lessee's rights hereunder may not be assigned, in whole or in part, without District's prior written consent. District's rights hereunder may be transferred in connection with a sale of the Property without Lessee's consent. However, District shall provide Lessee written notice of any such transfer.
22. Governing Law; Attorney's Fees; Waiver of Jury Trial. This Lease shall be construed and interpreted according to the laws of the State of Florida and shall not be construed more strictly against one party than the other because it may have been drafted by one of the parties. As used herein, "shall" is always mandatory. In the event of any legal proceedings arising from or related to this Lease: (1) each party shall bear its own attorneys' fees, including appeals; (2) for civil proceedings, the parties hereby consent to trial by the court and waive the right to jury trial.
23. Non-Waiver. No District waiver of Lessee's non-compliance with any provision of this Lease shall be deemed a waiver at any time thereafter of the same or other provision hereof. No delay or failure by District to re-enter the Property or exercise any right or option hereunder shall constitute a waiver

thereof or be considered exhausted or discharged by its exercise in one or more instances. All District rights or remedies under this Lease are cumulative, and no one of them shall be exclusive of the other or exclusive of any remedies provided by law.

24. Radon Gas. Pursuant to the provisions of section 404.056(5), Florida Statutes, District hereby notifies Lessee as follows with respect to the Property: “Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.”
25. No Coercion for Labor or Services. Lessee, a nongovernmental entity entering the Lease with the District, certifies, assures, and affirms that Lessee does not use coercion for labor or services as prohibited under §787.06, Fla. Stat. If Lessee is a nongovernmental entity, Lessee must provide the District with the Human Trafficking Attestation, Attachment 1, executed by an officer or representative of Lessee.
26. Merger; Recording. This Lease constitutes the entire agreement of the parties. There are no understandings dealing with the subject matter of this Lease other than those contained herein. This Lease may not be modified except in writing signed by the parties or their authorized representatives. Neither this Lease nor any memorandum hereof may be recorded in the Public Records of any county in the State of Florida.
27. No Guarantees or Warranties. By entering into this Lease, Lessee accepts the Property As-Is, Where-Is, and acknowledges that the Property may be subject to flooding as a result of seasonal weather events. Nothing contained in this Lease shall be construed as a guarantee of continuous occupancy or operation by the District.
28. Effective Date. For all purposes of this Lease Agreement, the Effective Date hereof shall mean the date when the last of the Lessee or District has executed the same, and that date shall be inserted in the introductory paragraph on the first page hereof.
29. Common Carrier. Pursuant to §908.111, Fla. Stat., the District may not execute, amend, or renew a contract with a common carrier or contracted carrier, if the carrier is willfully providing any service in furtherance of transporting a person into the State of Florida with knowledge that the person is an unauthorized alien, except to facilitate the detention, removal, or departure of a the person from the state or the U.S. Pursuant to §908.111, Fla. Stat., Lessee shall complete Attachment 2, the Common Carrier or Contracted Carrier Attestation.
30. Survival. The provisions of this Lease shall survive the termination or expiration of this Lease to the extent necessary to effectuate the terms contained herein.

IN WITNESS WHEREOF, the parties hereto have duly executed this Lease Agreement to become effective as of the date and year first above written. This Lease may be executed in separate counterparts, which shall not affect its validity.
